Col. Dave Day has gone to Washing-  
ton in the interests of the Southern  
Railroad. He is quoted as saying  
that the reservation will be thrown  
open before Cleveland retires from  
office.

Your Boy Won't Live a Month.  
So Mr. Gilman Brown, of 34 Mill  
St., South Gardner, Mass., was told by  
the doctors. His son had lung trouble  
following typhoid malaria, and he  
spent three hundred and seventy-five  
dollars with doctors who finally gave  
him up, saying: "Your boy won't live a  
month." He tried Dr. King's New Dis-  
covery, and a few bottles restored him  
to health and enabled him to go to  
work a perfectly well man. He says he  
owes his present good health to use of  
Dr. King's New Discovery, and knows  
it to be the best in the world for lung  
trouble. Trial bottles free at W. A.  
Irvin & Co's wholesale and retail drug  
store, El Paso.

Threw Away his Cane.  
Mr. D. Wiley, ex-postmaster, Black  
Creek, N. Y., was so badly afflicted  
with rheumatism that he was only  
able to hobble around with canes, and  
even then it caused him great pain.  
After using Chamberlain's Pain Balm  
he was so much improved that he  
threw away his canes. He says this  
balm did him more good than all  
other medicines and treatment put  
together. For sale at 50 cents per  
bottle by all druggists.

Our people are growing more and  
more in the habit of looking to the  
local dealer for the latest and best of  
everything in the drug line. They  
know Chamberlain's Cough Remedy,  
famous for its cures of colds, croup  
and whooping cough. When in need  
of such a medicine give this remedy a  
trial and you will be more than pleased  
with the result.

The little daughter of Mr. Fred Web-  
ber, Holland, Mass., had a very bad  
cold and cough which he had not been  
able to cure with any thing. I gave  
him a 25-cent bottle of Chamberlain's  
Cough Remedy, says W. P. Holden,  
merchant and postmaster at West  
Brimfield, and the next time I saw him  
he said it worked like a charm. This  
remedy is intended especially for acute  
throat and lung diseases such as colds,  
croup and whooping cough, and it is  
famous for its cures. There is no  
danger in giving it to children for it  
contains nothing injurious. For sale  
by all druggists.

Miss Nannie Lackland will enter-  
tain a number of her friends at a bicy-  
cle party this afternoon, the occasion  
being a celebration of her twelfth  
birthday.

Miss Etta Jones, of Montgomery,  
Alabama, is visiting Mrs. A. P. Coles.  
A dance is in contemplation in honor  
of her visit, to take place next Wednes-  
day or Thursday evening.

There was a very pleasant social  
last night at the parsonage of the  
Myrtle street Methodist church.

There were several card parties dur-  
ing the week, but Fin de Siecle was  
not got onto where they all occurred,  
hence cannot mention them especially.

That card party out at the smelter  
last evening was a very enjoyable af-  
fair, but several of the ladies did not  
entirely get over the fright they sus-  
tain just as they started out by the  
running away of the team attached to  
the vehicle. They party were very  
much put out to think that they  
should be furnished a fraction team a  
green driver for such an occasion, and  
trust it will never occur again.

A dance was given at the court house  
last evening, by several of the leading  
young men of the city, complimentary  
to Miss Etta Jones, of Montgomery,  
Ala., who is spending the winter with  
her cousin, Mrs. A. P. Coles.

It was a very enjoyable affair.  
Among those present were: Mr. and  
Mrs. A. P. Coles, Mr. and Mrs. U. S.  
Stewart, Mr. and Mrs. J. S. Akin, Mr.  
and Mrs. S. G. Campbell, Mr. and Mrs.  
J. A. Buckler, Mr. and Mrs. Frank  
Alms, Mr. and Mrs. O. W. Mc-  
Phetridge, Mrs. Waters Davis, Mrs.  
J. H. Nations, Mrs. Frank Whitebeck,  
Miss Etta Jones, Katherine Martin,  
Elsie Haggart, Bessie Wilson, Lewers  
Stevenson, Greta Ains, Mabel Falvey,  
Marie Shelton, Emma Ullman, Mary  
Edwards, Hattie Rake, Messrs. Beach,  
Murdoch Jones, Coles Townsend,  
Moore, Spelacy, Howe, Latta, Cooley,  
Florys, Marr, White and Falvey.

Some of the items of expense in the  
galaous Bradley-Martin ball which  
will conduce to the benefit of various  
New York working people are: Six  
hundred women's fancy costumes, \$120-  
000; 600 men's costumes, \$45,000; cotil-  
lions favors \$20,000; floral decorations,  
\$15,000; regular supper, \$12,000; buffet  
supper, \$6,000; wigmakers and hair-  
dressers, \$6,000; carriages, \$3,000; wo-  
men's fancy slippers, \$3,000; fifty ser-  
vitors' costumes, \$1,500; three orchestras  
\$1,000; cosmetics, \$500; engraved invita-  
tions, \$200; tips \$400. Here is a direct  
expenditure of about \$234,000, nearly  
all of which will circulate in worthy  
channels.

Fin de Siecle is a new column in the  
HERALD, intended to be a series of  
society events for the week and make  
announcements for the future. Those  
who feel an interest in such a column  
and want to help it along can send in  
announcements for future society  
events and drop a note of things that  
happened in social circles during the  
week. The column will appear every  
Saturday and all who wish to have any  
thing in the column should send it in  
not later than Friday at noon. The  
effort is only a trial and will not be  
kept up unless society people take  
enough interest in it to send in infor-  
mation. The editor of the column will be  
known under the name of Fin de  
Siecle and all matter sent in to the  
HERALD should be addressed to  
FIN DE SIECLE.

CAROLYN CATHRYNE PAYNE.  
Little "Baby Payne," whose pretty face  
decorates this column, was just four  
years old on the third day of this month  
and the occasion was celebrated by a  
birthday party of her parents, Mr. and  
Mrs. W. Payne. The party was at-  
tended by several of the friends who live  
in the neighborhood. Little  
Carolyn acted the host-  
ess to the point of  
refusing to let the  
guests leave the room  
until she had seen  
them all off. Little  
Miss Carolyn was  
dressed in a very  
becoming and  
appropriate  
fashion. She was  
very happy and  
enjoyed the  
party very much.

A Girl In It.  
Henry Watterson, who for thirty  
years was a close friend of J. B. Mc-  
Cullagh, confirms the fact that  
there was a love romance in the  
editor's career in St. Louis. The young  
woman in the case lived in Louisville  
for a while. She was a handsome and  
attractive girl, and was the adopted  
daughter of a present St. Louis official  
in the early seventies, and almost a  
millionaire then. Her foster parents  
lived in the most aristocratic section  
of St. Louis and broke off the match  
because McCullagh was poor. About  
twelve years ago she married a rich  
doctor, and they moved to San Fran-  
cisco. He cruelly abused her from the  
start, and in a few years she got a di-  
vorce and soon after died of a broken  
heart. The recollection of the affair  
saddened McCullagh's later years, and  
helped to make him the cynic he was.

The Toronto Blade has gained con-  
siderable unenviable notoriety by the  
findings of a jury last week, in which  
the Blade is compelled to make an am-  
ple apology to a well known theatrical  
star and pay the handsome sum of 500  
pounds sterling for defamation of char-  
acter. During the trial the fact was  
elicited that when the theatrical man  
was billed to appear in Toronto a rep-  
resentative of the Blade called upon  
him for an advertisement, which he  
failed to get. Thereupon, without wait-  
ing for the initial performance, the  
Blade proceeded to "roast" the per-  
former in which he was denounced as  
"vulgar and unworthy to appear before  
respectable ladies." The prosecution  
showed that the Blade had been in the  
habit of holding up advertisers of all  
sorts in the same manner and threaten-  
ing them with a "roast" in our paper,  
unless they patronized the sheet, in  
other words the editorial policy of the  
paper was controlled entirely from the  
counting room. The jury very properly  
returned the verdict above men-  
tioned and the court took occasion to  
make some scathing remarks concern-  
ing newspapers which followed that line  
of campaign, and intimating that men  
of that stamp would do more service  
breaking rock for the state than in at-  
tempting to mould public opinion.—Two  
Repubs.

A woman who had spent in a single  
week over a hundred dollars for cologne,  
cigarettes, ice cream, oysters, and  
"nations," besides buying a new hat for  
two hundred dollars, denied  
emphatically her husband's complaint,  
in his suit for divorce, that she was  
recklessly extravagant. All these  
things, she insisted, were absolutely  
essential to her comfort. But a jury  
of unfeeling men decided that she was  
wrong.

The Chihuahua, Mexico, Enterprise,  
gives an account of the death of an old  
man in Guaymas by the name of O.  
White, aged about 56 years of pneumo-  
nia. White was a prospector and when  
not prospecting was frequently com-  
pelled to beg food. After his death, while  
some one was searching for his wallet  
to find some clue to White's  
identity, a letter was found from a  
Boston firm offering \$50,000 in cash for  
his mine, the Bianca, situated twenty-  
five leagues from Guaymas. The old  
man had evidently refused the offer, as  
the letter was received some months  
ago and the title still remained in his  
name. Not a cent was found in the  
cabin and the old man's body was  
buried at public expense.

During the recent "cold snap" in  
Chicago the fire department responded  
to 200 fires within twenty-four hours.  
The thermometer during all this time  
remained nearly stationary at 20 de-  
grees below zero, and the fire hydrants  
were in many cases frozen solid.  
Some of the firemen were without  
sleep for forty-eight hours, and many  
were frost-bitten while on duty.  
Similar reports come from other parts  
of the east. Residents of El Paso who  
grumble about the weather should  
mentally make a note of these things  
and resolve to reform.

One million dollars for a palm garden  
and concert hall is the latest project in  
New York. A firm of Milwaukee  
brewers is behind the scheme. The  
property at Twentieth and Broadway  
has been selected and the price, \$200-  
000, will probably soon be paid. The  
mammoth beer garden—for that is all  
it is intended to be—will surpass in  
size and magnificence anything this or  
any other country has seen, but the  
larger the venture here the more cer-  
tain it is of success.

During Dr. R. C. Flower's recent  
visit to Fort Worth the Mail-Telegram  
representatives were at the Worth  
Hotel mingling among his patients and  
talking freely with them. Nearly 400  
people consulted Dr. Flower during his  
three day's stay in our city, says the  
Mail-Telegram of Fort Worth, Texas.  
On every hand you would hear such ex-  
pressions as "Dr. Flower saved my  
life," "I would have been under the  
ground today had it not been for Dr. R.  
C. Flower," "Dr. Flower cured my boy of  
paralysis after eight doctors had given  
him up as incurable," "Dr. Flower  
cured my wife of a cancer after three  
operations had given her up to die," "Dr.  
Flower cured my mother of a tumor  
after our home doctors and the best  
doctors of St. Louis said nothing could  
help her but the knife and that she  
would most likely die in the opera-  
tion."

The following testimonials of patients  
cured by Dr. R. C. Flower voice the  
sentiment of thousands of his patients:  
Dr. J. S. Holman, a prominent physi-  
cian of Rockdale, Texas, said: "Dr.  
R. C. Flower is one of the most success-  
ful men in this country. He cured me  
of phthisis, lung and bronchial trouble.  
I was also suffering with gastritis, su-  
perior uric acid and catarrh. My cure is  
a marvel to myself and my friends. I  
consider Dr. Flower the most wonder-  
ful physician of this age."

Mrs. S. R. Curtis, Rush, Texas, cured  
of bronchial lung consumption, catarrh  
of the bladder and prolapsus uteri.  
G. J. Copeland, Caddo, Texas, cured of  
gastritis, throat and bronchial trouble,  
anemic condition, nervous prostration  
and exhaustion.

Mrs. T. S. Long, Beaumont, Texas, cured  
of prolapsus uteri, nervous prostration,  
valvular heart trouble, gastric  
catarrh and kidney trouble.

Mrs. J. C. Warden, Victoria, Texas, cured  
of catarrh and bad throat  
trouble, bronchitis, prolapsus uteri,  
acid crystals in kidneys, pains in left  
shoulder blade and large cancerous  
tumor of the womb.

Mrs. W. A. Pettus, Goliad, Texas, cured  
of floating kidney, fungus  
growth in bowels and ovaries, after  
having been given up to die.

Mrs. J. S. Venable, Coleman, Texas, cured  
of throat, bronchial and lung  
trouble, tuberculosis, gastritis and  
catarrh of stomach, enlargement of the  
uterus.

In addition to the above our reporter  
was told of a miraculous cure performed  
by Dr. R. C. Flower upon May Taylor,  
the little daughter of Dr. T. B. Taylor  
of Paige, Texas. The child was not  
over 10 years of age, was suffering from  
a monstrous tumor. She was a great  
sufferer, nearly helpless and pitifully  
nervous. She had an abnormal ap-  
petite for eating gravel, chalk, pencils,  
etc. After doing everything possible  
for his child, the father carried her to  
the leading physicians in the state.  
They failed to stop the ravages of the  
disease and pronounced the child  
incurable. In this condition of despair  
Dr. Taylor took his daughter to see Dr.  
Flower. Without a question the doc-  
tor was able to stop the ravages of the  
disease immediately under his treatment  
and in a few months he restored this beau-  
tiful little girl to perfect health.

But let the curtain drop—why longer  
multiply evidence. Here are dozens  
of Texas' best men and women declar-  
ing what Dr. R. C. Flower has done  
for them and many of them say they  
would have been in their graves today  
if it had not been for him. Dr. Flower  
cures, he claims to cure everybody but  
in investigation will show that he rarely  
ever fails.

Any one sending a 2 cent stamp to  
the Flower Medical company, 720  
Boylston street, Boston, Mass., will  
receive free Dr. Flower's work entitled,  
"Youth and Beauty of Woman For-  
ever," which every sick person should  
read.

There are other Dr. Flowers in the  
country, consequently patients should  
notice the initials. Prof. E. Remdeselle  
says there is but one Dr. R. C. Flower,  
the most wonderful diagnostician and  
physician in the treatment and cure of  
all diseases. This world has ever  
produced, and it is not likely this gen-  
eration will produce another. We  
understand that Dr. R. C. Flower will  
visit Texas the latter part of January  
and February this winter.

One of the most deeply interesting  
and truly educative books ever written  
is "The People's Common Sense Medical  
Adviser," by Dr. R. V. Pierce, chief  
consulting physician of the "In-  
finite" Hotel, and Surgeon-in-Chief,  
Buffalo, N. Y. This splendid volume  
of 1008 pages, includes ninety pages on  
the subject of diseases peculiar to  
women, with directions for home treat-  
ment, rendering unnecessary the  
embarassing "examinations," and  
generally useless "local treatment,"  
so dreaded by modest women. The  
book contains the most comprehensive  
explanation of human physiology and  
the rational principles of hygiene ever  
published. Illustrated with over 300  
engravings—a complete medical library  
in one volume. No other medical book  
in the English language ever had such  
an enormous sale. 680,000 copies were  
sold at \$1.50 each. Dr. Pierce is now  
distributing a new free edition of half  
a million copies. A copy will be sent  
absolutely free to anyone who will send  
a 2-cent stamp to the World's Dispensary Medical  
association, Buffalo, N. Y., 21 one cent  
stamps to pay cost of mailing only.  
The present edition is in all respects  
the same as that sold at \$1.50 except  
only that it is bound in strong manilla  
paper covers instead of cloth.

is "The People's Common Sense Medical  
Adviser," by Dr. R. V. Pierce, chief  
consulting physician of the "In-  
finite" Hotel, and Surgeon-in-Chief,  
Buffalo, N. Y. This splendid volume  
of 1008 pages, includes ninety pages on  
the subject of diseases peculiar to  
women, with directions for home treat-  
ment, rendering unnecessary the  
embarassing "examinations," and  
generally useless "local treatment,"  
so dreaded by modest women. The  
book contains the most comprehensive  
explanation of human physiology and  
the rational principles of hygiene ever  
published. Illustrated with over 300  
engravings—a complete medical library  
in one volume. No other medical book  
in the English language ever had such  
an enormous sale. 680,000 copies were  
sold at \$1.50 each. Dr. Pierce is now  
distributing a new free edition of half  
a million copies. A copy will be sent  
absolutely free to anyone who will send  
a 2-cent stamp to the World's Dispensary Medical  
association, Buffalo, N. Y., 21 one cent  
stamps to pay cost of mailing only.  
The present edition is in all respects  
the same as that sold at \$1.50 except  
only that it is bound in strong manilla  
paper covers instead of cloth.

## FREE!

We give a valuable book free to every business man who will pay the mere  
cost of mailing. The book is "Selections from Good Advertising," by Charles Aus-  
tin Bates. It contains 100 selections of the best advertising copy ever published.  
In order to give business men a sample of what is contained in Mr. Bates' great 700-  
page volume, "Good Advertising," (price \$5.00), each copy of "Selections" contains  
a coupon good for 25 cents on the purchase price of "Good Advertising." The cou-  
pon and \$2.50 will pay the \$5.00 book.  
We give you a copy of "Selections."

## Absolutely Free

If you will send 10 cents to pay the cost of mailing. We want every business man  
in the world to have a copy. We are willing to lose money on it, because we believe  
nine out of ten of those who get it will want and buy the complete 700-page volume.  
The offer is to business men only. It is not a "free" offer. It is a "valuable" offer.  
"Selections" contains twelve chapters and 100 pages. "Good Advertising" contains  
300 pages, divided into 150 chapters treating of every phase of the adver-  
tising question. It tells how much to spend; where to spend; how to display  
your ads; how to write them; how to make them pay; how to illustrate them; how to  
save money on the printing; how to get the most out of your advertising in every  
line of business. It tells all about type and printing. It gives good, practical aid  
for practical men.
